

THE PEAK OF CHRISTMAS

NOVEMBER 22ND - DECEMBER 24TH, 2024

We look forward to welcoming you back next year!

Step into a world of enchantment at Vancouver's North Pole, where twinkling lights, the gentle echo of snowfall, and the thrill of encountering a real reindeer come together for a magical holiday experience like no other.

Enjoy the natural beauty of The Light Walk at Blue Grouse Lake, lit by breathtaking light installations. Experience the tranquil beauty of skating on our mountaintop ice skating pond, surrounded by snow-topped trees.

Children will delight in watching Christmas movies at The Theatre in the Sky or engaging in festive activities like creating Christmas crafts and penning heartfelt letters to Santa in the whimsical Elf Headquarters. Visit Vancouver's North Pole for all of this and more!
